How to submit a comment to the Colorado Public Utilities Commission
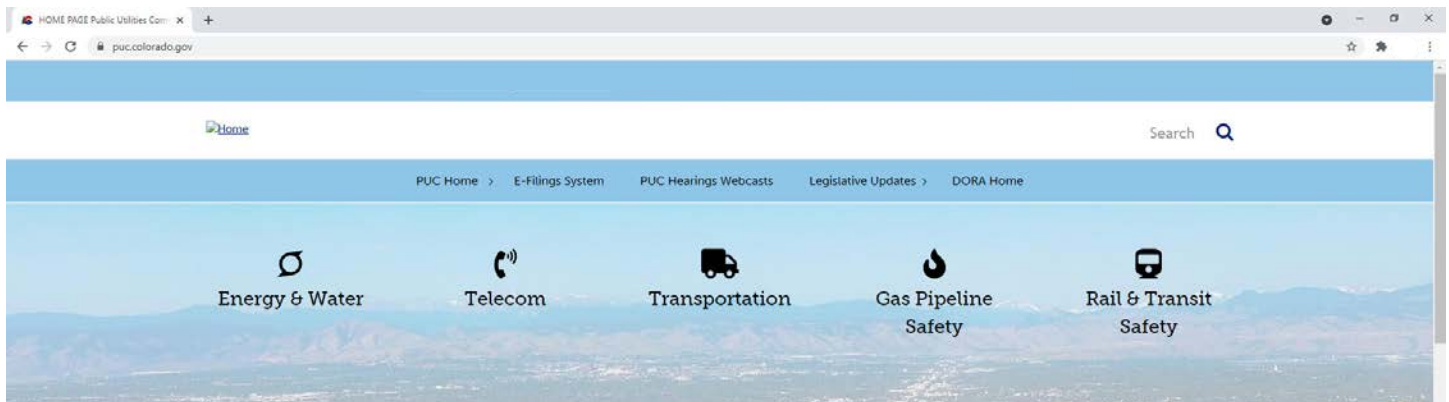

Your voice is important! Here are step-by-step instructions for submitting public comment online to the Colorado Public Utilities Commission (PUC). The commissioners read public comments, and you are encouraged to submit your thoughts. You can express why an issue is important to you and what you want to see happen. Submitting your comments takes just a few steps, and it's easy to navigate.

You can file your comments through the PUC website, or better yet, you can send an email to **dora_puc_website@state.co.us**, *and you will need to specify the utility's name, as well as the proceeding or rulemaking number. Either way, your public comment will be posted on the PUC's website.*
